# SMART HOME PACKAGE

Have a pulse on your home's safety and energy efficiency even when you're not home! Our smart home package delivers comfort, peace of mind, and savings.

## NEST THERMOSTAT

This thermostat helps you customize your presets to energy system eco temperatures all on your phone. Each home will have 2 nest zones.

## NEST HELLO DOORBELL

The Nest Hello Doorbell allows you to check in on your home anytime with 24/7 streaming.

## LUTRON CASETA SMART LIGHTING

The smart lighting can be controlled by app, remote, voice, or at the switch. The smart away technology turns on and off 3 interior lights and 2 exterior lights to make it appear like someone is home even while you are away.

There are many features you can add on to this system. As a market leader in energy efficiency in the Seacoast, we are proud to offer this smart home package in all of our communities.
